INFORMAL DISCUSSION OF SPECIAL ARTICLES AND BUDGET

TOWN OF SHARON

FINANCE COMMITTEE INTRODUCTION

Each year Sharon residents have the opportunity – and the civic responsibility – to determine the course of town government. Sharon's annual Town Meeting is a forum open to all registered voters where you may hear the opinions and concerns of your neighbors, ask questions of Town Board and Committee members, debate issues, and vote on the Town's budgets, zoning by-laws, capital spending, and other significant matters.

This year, in addition to the usual Warrant articles, there are two important matters which voters must decide. A question on the election ballot itself will ask voters to approve an \$850,713 Proposition 2 ½ Override to fund teacher salary increases. If passed, this will increase the proposed School Department budget to \$22,105,077.

The Town Meeting Warrant also contains a Special Town Meeting article to fund a School Department shortfall for the current fiscal year of approximately \$300,000.

Some of the articles in this Annual Warrant are routine, but many have far-reaching financial, operational, or quality-of-life impacts. Please read this Warrant carefully.

In addition to the issues listed above, among the significant matters to be decided at this year's Annual Meeting are:

- a proposed Town budget of \$39,274,717 - an increase of 8.2% over the current year.
- capital spending requests totaling \$1,966,324
- a petition article to remove Sharon from the Norfolk County mosquito control program.
- Petition articles to change the Town's zoning by-law regulating condominiums.

The Finance Committee's responsibility is to review and discuss all Warrant articles and recommend action at Town Meeting. This Warrant includes recommendations for all those articles presented in time for such consideration. The Finance Committee will make its recommendation for late articles at Town Meeting.

We encourage you to attend the open Warrant Meeting on Tuesday, April 25, to ask questions and gain additional information about all the articles. Then join your fellow citizens at the Annual Town Meeting on Monday, May 8 to listen, debate and decide.

ARTICLE 8

To see if the Town will vote to raise and appropriate a sum of money for the purpose of services to perform an annual audit of accounts of the Town of Sharon for the fiscal year 2000 in accordance with Chapter 44, Section 40, of the General Laws of the Commonwealth, and to determine whether to meet said appropriation by taxation, by transfer from available funds, by a combination thereof, or act in any way relative thereto.

TOWN ACCOUNTANT

FINANCE COMMITTEE RECOMMENDATION:

This Article authorizes the expenditure of no more than \$29,000 to pay for independent auditors to perform the State mandated annual audit of the Town's financial records for the year ending June 30, 2000. Although the Town has used the same auditors for several years without putting the services out for competitive bid, the Finance Committee believes, due to substantial changes in recent accounting standards, that it is in the Town's best interest to continue with the current auditors until the implementation of this new guidance is completed. Once completed, the Town should revisit their current relationship and submit requests for proposals on a more frequent basis.

The Finance Committee recommends approval. Vote: 8-0-1

ARTICLE 9

To see if the Town will vote to raise and appropriate a sum of money for the reconstructing or resurfacing of public ways and for original construction of sidewalks for the Department of Public Works; to determine whether this appropriation shall be raised by borrowing or otherwise; or to take any other action relative thereto.

DEPARTMENT OF PUBLIC WORKS

FINANCE COMMITTEE RECOMMENDATION:

- a. \$175,000 for curb and sidewalk repair and construction, and
 - b. \$575,000 for street improvements.

This recommendation represents a reduction in the standard appropriation to maintain and improve the Town's infrastructure according to the Public Works Department's long-term plan. Due to other demands on the capital budget, the sidewalk and street improvement allocations were both reduced from the previous year by \$50,000 and \$25,000, respectively. The Finance Committee strongly suggests that future years' capital appropriations restore this amount in accordance with the Public Works Department's long-term plan.

The Finance Committee recommends approval. Vote: 8-0-1

ARTICLE 10

To see if the Town will vote to raise and appropriate a sum of money for the purchase of additional departmental equipment for the Department of Public Works; to determine whether this appropriation shall be raised by borrowing or otherwise; or to take any other action relative thereto.

DEPARTMENT OF PUBLIC WORKS

FINANCE COMMITTEE RECOMMENDATION:

Acceptance of this Article allows the Town to borrow \$103,000 for Public Works Department equipment:

Because of budget constraints, the Capital Outlay Committee's recommendation this year represents a substantial reduction from past borrowings for Department of Public Work's equipment. The Finance Committee strongly suggests returning to the programmatic approach of equipment replacement. Underfunding this equipment replacement program can have significant detrimental ramifications in succeeding years.

MELISSA MORRISON

FINANCE COMMITTEE RECOMMENDATION:

Acceptance of this article would result in the Town withdrawing from the Norfolk County Mosquito Control Program. The Sharon Board of Health has studied this issue, and has concluded that the mosquito control program is rational and appropriate and relies on the most sophisticated integrated pest management techniques. The Board of Health has unanimously recommended that due to the quality of the program, the County's willingness to provide reports to the Board of Health, and the potential threat of the West Nile Virus, that the Town continue to participate in this program. Accordingly, the Finance Committee recommends indefinite postponement.

To see if the Town will vote to amend the General By-Laws of the Town of Sharon by adding Article 35C, entitled "Right-of-Way By-Law," as set forth in full text on file with the Town Clerk, or to take any other action relative thereto.

This By-Law seeks to establish a uniform system of regulation for the non-vehicular use of the Town's rights-of-way by allowing the Town to charge non-governmental users for the use of these rights-of-way. This By-Law will require that the user obtain a right-of-way permit prior to commencing any work in, on, under, along, above, or across a right-of-way or use of a right-of-way. TOWN OF

ANNUAL
WARRANT

November 13, 2000 Special Town Meeting Articles 3 and 5

At the Annual Town Meeting in 1999, monies were appropriated to update the 1995 Sharon Space Needs Study. The Townwide Comprehensive Facilities Planning Committee (FPC) was formed in the Fall of 1999 by the Selectmen to review the current space needs of the town departments, and to make recommendations to the town regarding the space needed for the foreseeable future. The needs of the schools was not included in this study except for the administration offices.

The FPC met with the Wilber School Reuse Committee in order to coordinate efforts with them as well as department heads in the Fall and Winter to ascertain their space needs as well as areas of concern regarding the adequacy of their current sites. A consultant, Bargman Hendrie + Archetype (bh+a) was hired to oversee the project and analyze the needs of the town.

It quickly became apparent that the current space allocations for the municipal departments seriously constrains their ability to operate efficiently and effectively. Most of the departments have outgrown their space due to changes in their staffing, programs, or safety issues.

The FPC investigated multiple scenarios seeking appropriate sites for town facilities, taking into account the location of town owned land and the impact of siting a municipal facility on the surrounding area. The FPC, along with bh+a, held public meetings to invite comments and feedback from the public regarding the appropriate sites and possible combination of departments to achieve the most cost effective and efficient utilization of sites.

At a public meeting in February 2000, a consensus quickly emerged from the myriad possibilities presented that the following was the most appropriate use of available sites to meet the needs of the community.

Site	Proposed Use
• Wilber School Site	Town Administration, School Administration, Library
• Town Hall/Fire Station Site	Public Safety Complex (Police and Fire)
• DPW/Police Station Site	Expanded DPW and Civil Defense
• Sacred Heart School Site	Senior Center and Recreation Center
• School Administration Site	Plans not developed
• Library Site	Plans not developed
• Community Center	Plans not developed

The articles on tonight's warrant seek funding to further explore the feasibility of these proposals, including design services in order to present more detailed plans to the Sharon Standing Building Committee as well as to a future Town Meeting. The town will have ample opportunity for further discussions regarding the proposed utilization of the parcels but the requested funding will provide in depth analysis of these proposed uses and is critical to allow the town to make informed decisions in the future.

The implementation of the updated space needs recommendations will occur over the course of several years and tonight's articles is the first step towards that goal. An affirmative vote will allow the town to move towards providing our municipal departments with adequate space to permit them to serve the public more effectively.
